### THE AMERICAN LEAGUE.

Preparing for the Election of Officers.

The members of the American League are actively engaged preparing tickets for the coming election of officers on May 28. It is believed that two and possibly three tickets will be put up and league men say that between 500 and 600 votes will be cast. Nominations will be made at a meeting to be held on May 21. An exciting time is expected. The American League claims a membership of 700 men.

The league still has the same old kick—spies. Nearly all the police spies and informers recently given the grand bounce are members of the league and they are thirsting for gore. Recent appointments of strangers, who have not been in the country but a few weeks, to positions in the Customs department, do not meet with their approval. With the exception of two or three men all the officers under Port Surveyor Sanders are strangers. With all the home material available this hoisting of an unknown man into positions is justly condemned. Men in town who have families to support are discredited for carpet-baggers.

Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the remedy to babies, as it contains nothing injurious. 25 and 50 cent bottles for sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

Great inducements are offered in this paper to people who would like a home in the charming region of Pearl City. The train fares present the cheapest transit ever known in this country. Everything said about the climate may be easily verified by competent witnesses.

Great repairs have been made to the race track at Kapiolani park. Only a few finishing touches are required to make the track in the best condition it was ever in. It now only remains for owners of horses to come up to the scratch and a first rate day's sport on June 11 will be assured.
